

Foreword I

By André Bossert

I met Stéphane BARRAS for the first time in 1990, and we have been friends ever since. Stéphane is an innovative person, who when he sets his mind to something, carries it through the end.

During my first international victory in the «Kenya Open» he was a good support and his interest kept me focused.

Since I have known him he has done a lot to gain knowledge about the golf swing and the different teaching techniques.

For the result of his ideas exposed in «The Difference» I wish him all the best of luck.

André BOSSERT

*First swiss golfer to win on
the European tour*
